Quarantine Measures

National restriction trend. As of 06 Aug to be 50 on a scale between 0-100, with from 30 July 2020 and no change (0.00%) 안녕하세요.

The UAE CIVIL Aviation Authority (GCCA) 29.06.2020) 2020년 8월 1일 부터 에티하드항공을 이용하여 전세계 목적지로 여행할 경우, 출발 전 COVID-19 PCR 검사를 받으셔야 합니다. 검사는 항공편 출발 전 96시간 이내 시행되어야 합니다. 아부다비 발, EU 국가나 영국 도착 승객들도 마찬가지로 여행 전 PCR 검사가 의무입니다. 여행 시작 전 최종 목적지의 여행 규정을 확인하세요. etihad.com/destinationguide

****International restrictions:
Commercial flights are now operating to August, all citizens, returning residents, t country they are currently in and have a negative result before travelling to the UAE. The test must be taken a maximum of 96 hours before departure. The test must be registered and carried out at one of the UAE-approved testing centres that are listed on the COVID-19 Screening Registration website [https://screening.purehealth.ae/application]. The test result is required for travellers from all countries arriving at all airports in the UAE. Children under the age of 12 and those with severe and moderate disabilities will be exempted from the test requirement. Those entering the country may also be asked to take a further PCR COVID-19 test on arrival and to complete a period of self-isolation.

**Dubai: Visitors are able to travel to Dubai from 7 July. Further information about what visitors need to do before they travel and what will happen on arrival in Dubai is available on the Government of Dubai website [https://mediaoffice.ae/en/news/2020/June/21-06/Supreme-Committee-of-Crisis-and-Disaster-Management-announces-new-air-travel-protocols]. Including information about testing on arrival and quarantine. Before visitors fly to Dubai, they will also be required to complete a Health Declaration Form [https://c.ekstatic.net/ecf/documents/health-declaration-e-form.pdf] and a Quarantine Form [https://c.ekstatic.net/ecf/documents/dubai-arrivals-quarantine-procedure-declaration-form.pdf]. Both forms need to be printed, completed and handed over to Dubai Health Authority staff on arrival. Visitors to Dubai will also have to register their details on the COVID-19 DXB App. Visitors must have international health insurance before travelling and with effect from 1 August, must show that they have had a negative PCR COVID-19 test a maximum of 96 hours before arrival. All visitors to Dubai must adhere to all public health measures issued by the Dubai authorities including any requirements to quarantine. Stringent entry restrictions remain in place upon arrival at all airports in

ETIHAD Book Fly Etihad Manage Destinations

will help to keep you protected and limit the spread of COVID-19, and make sure that your travel plans are not disrupted.

Mandatory COVID-19 PCR testing

It is mandatory to have a COVID-19 PCR test before you fly with Etihad Airways from any worldwide airport outside of Abu Dhabi. You also need a COVID-19 PCR test if you are travelling from Abu Dhabi to any European Union country, as well as Switzerland and the UK.

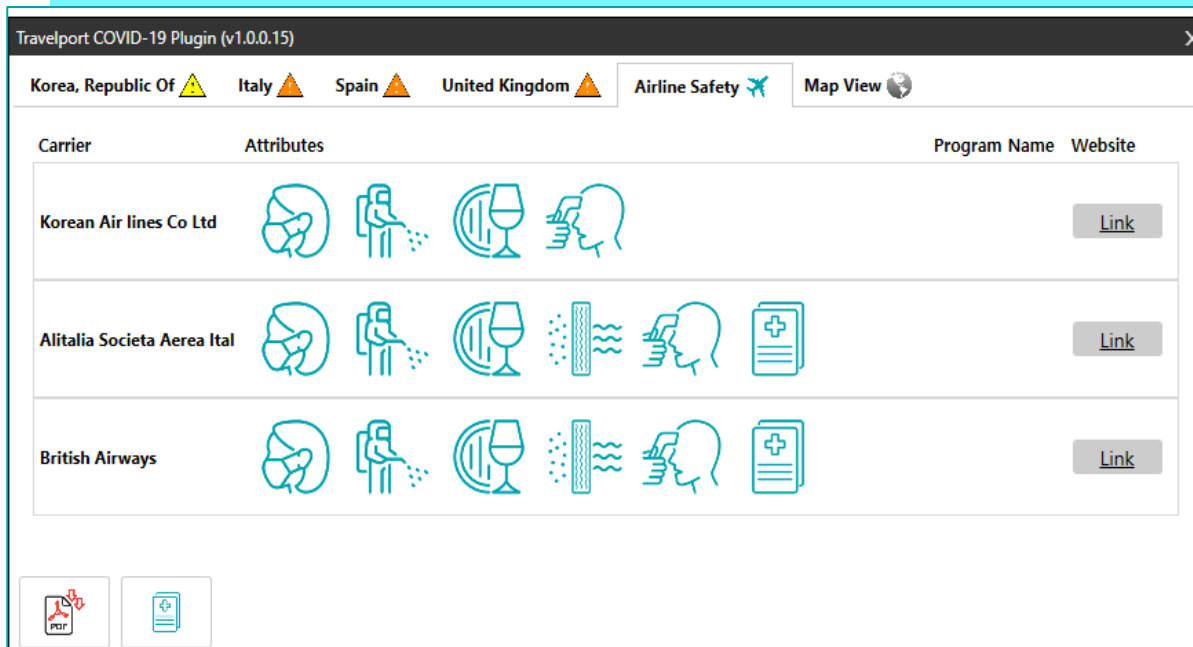

Your test can be carried out at any government accredited medical facility a maximum of 96 hours before your flight departure time. Timings will differ if you are flying from the USA. Guests departing Pakistan and India must use an Etihad approved medical facility. Enter your departure city below to find out more.

Children under 12 and people with mild and severe disabilities are exempt from COVID-19 PCR testing. This may vary by destination – always check before you fly.

You will only be permitted to fly if you have a negative COVID-19 PCR test issued by an approved clinic a maximum of 96 hours before your flight departure time.

Travelport COVID-19 주요 기능 2 _ Airline safety attributes data

- Travelport 는 여행이 회복 되면서 고객이 더욱 안전하게 여행할 수 있도록 돕기 위해 항공사의 COVID-19 안전 조치 사항에 대한 새로운 기능을 적용 하였습니다. 전세계 주요 80 개 항공사의 시행중인 조치 및 주요 안전 정보를 Smartpoint COVID-19 plugin 을 통해서 쉽게 확인 할 수 있습니다.
- Safety attribute 확인 : COVID-19 plug in 실행 → Airline Safety 탭
PNR 의 항공사 별 Airline Safety 를 확인할 수 있다.

- Safety attribute 아이콘 설명 :

가운데 좌석 미 운영

건강증명서 요청

마스크 항상 착용

출발 전 모든 승객 발열체크

헤파필터 공기순환 장치

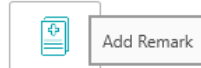

항공기 추가 소독

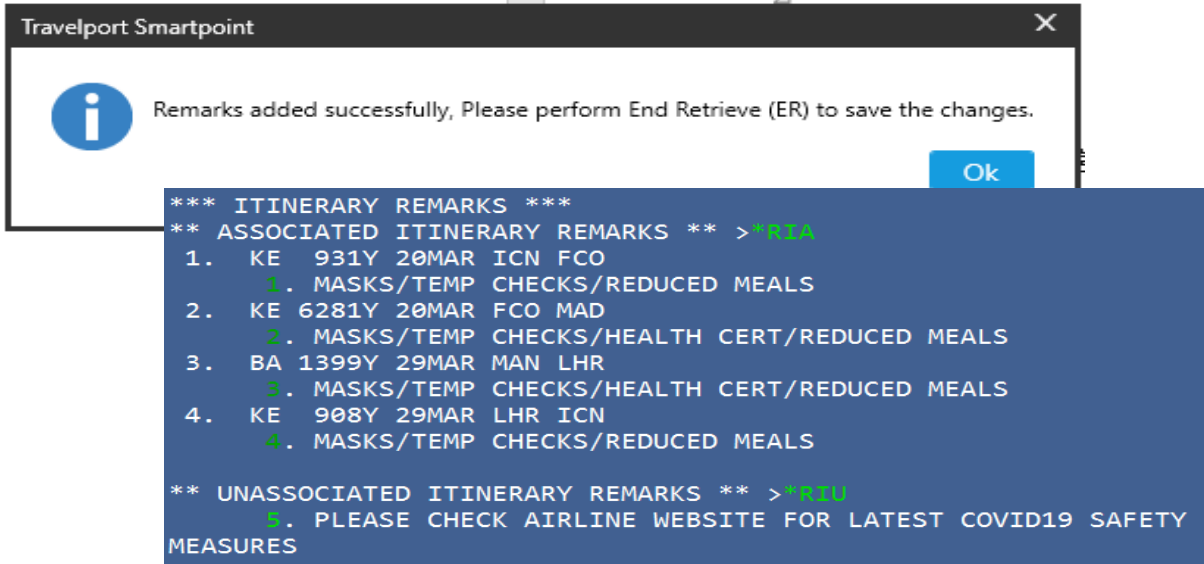

기내서비스 제한 조치

- 유용한 추가 기능 1 (*RI) :

Add Remark 를 이용하여 safety 정보를 PNR 에 저장 가능하다
ER 저장 후 *RI 명령어를 통해 PNR 에 입력 된 TEXT 를 확인 할 수 있다.

- 유용한 추가 기능 2 (LINK) :
